

## Governor Sends Budget Message for \$229,269,065.73

Recommendation of One-third of a Mill in Direct State Tax on Real Estate—Budget is \$13,564,350 Over 1927 Total—Estimates \$13,000,000 Surplus.

Albany, N. Y., Jan. 17 (AP).—The governor today sent to the Legislature a special message accompanying his first budget program. The recommendation represents a saving of more than \$3,000,000 to real estate owners. The total appropriation needed this year for the support of the state government was fixed by the governor at \$229,269,065.73, an increase of \$13,564,350 over the 1927 total.

With reduction of the direct state tax, the governor declared, there would be in the state treasury for the next fiscal year an estimated surplus of \$7,445,308, a sum which he believed sufficient for this purpose. "I have always believed," the governor said in his message, "that it was poor policy to take from the taxpayers of the state more money in any one year than is actually necessary for the maintenance and operation of the government. In my opinion, a surplus in excess of \$7,000,000 is not required."

Revenues of the state from all sources during the coming fiscal year were estimated by the governor at \$245,048,707.45. Deducting from this the requested appropriations of slightly over \$229,000,000, he estimated a surplus of \$15,779,707.45. The amount of this sum led him to propose the reduction of the direct tax, he explained, and the consequent cutting of \$8,333,333.33 from the estimated surplus total.

**Missus Rumors "Propaganda."** "Political propaganda," declared the governor, "is undoubtedly responsible for the circulation of rumors that the state would be bound to be in financial distress when the figures for the next fiscal year were prepared, and that new taxes would be needed to finance the state's operations and the burden of taxation would have to be increased."

"The figures herewith presented show that none of these statements has even a semblance of truth. The state is in a position to finance every known need of the state, carry on an enormous building program and still give relief to farm and real estate owners by reduction of the direct tax. Reducing the direct tax enables us to give the benefit of tax reduction to the taxpayers who feel the heaviest burden because of the exactions for the maintenance and operation of local governments."

**Reconstruction Recommendations.** Embodied in the message were also the governor's recommendations for this year's allocation of \$10,000,000 in public improvement bonds. For reconstruction work the following recommendations were made: Plant industry building, Cornell University, \$1,100,000; State office building in Albany, \$2,500,000; new office building in New York City, \$3,000,000; renovation of Auburn prison, \$900,000; new state hospital, \$1,000,000; addition to the reception building at the Brooklyn State Hospital, providing for 47 additional beds, \$250,000.

**Appropriations for Land.** These appropriations were suggested for the acquiring of land: Saratoga battlefield, \$190,000; Saratoga reservation, \$290,000; purchase of land for Conservation Commission nursery, \$20,000; state parkway, Westchester county, \$300,000; Southern parkway, Long Island, \$15,000; Auburn prison, \$125,000; park on Capitol Hill, Albany, \$200,000; State School for Mental Defectives at Rome, \$15,000; Letchworth village at Thibault, \$35,000.

Bills designed to carry out these and all other recommendations made in the message and the executive budget were introduced at last night's session of the Legislature.

The governor in his message called attention to the fact that the executive budget presented was not actually the first one prepared pursuant to a constitution law, "but follows the mandate of the statute entered into in the interim between the reorganization of the government when the Board of Estimate and Control was abolished and operation under the constitutional executive budget."

The executive budget amendment to the Constitution does not become operative until the fall of this year, he explained, and "realizes effective only during the session of the Legislature of 1929."

**Estimated Revenues.** Noting that "nothing is more important than the wise, proper and prudent appropriation and expenditure of public funds because the people of the state as a whole realize it or not, every dollar of the money comes from their pockets," the governor cited the following estimated revenues from the various sources of taxation:

## Illegal Sentence On Three Millers

Judge Hasbrouck Sustains Writ of Habeas Corpus in Case of Kerhonkson Men—Points Out Way in Which Sentence May Be Executed.

Judge G. D. B. Hasbrouck has handed down his decision in the matter of the three Millers of Kerhonkson against Sheriff Arthur Rice which came up before the judge in special term of the Supreme court on January 7, when a writ of habeas corpus was returnable before the court.

The three Millers—Reuben, Morris and Harry—were charged with having assaulted a young girl at Kerhonkson as a result of a family difference. Harry Cohen, a rival merchant of the village, swore out a warrant and had the three arrested on a charge of assault, third degree. The case was tried before Judge Brice Moore at Ellenville who found the three guilty. He imposed a jail sentence of three months and then suspended that sentence. After frequent adjournments the three were finally sentenced to pay a fine of \$25 each or spend 25 days in jail. They were brought to jail and Frank W. Brooks secured a writ to keep them from serving the alternative sentence. They were released from jail and the matter was threshed out before Judge Hasbrouck. Frank W. Brooks appeared for the Millers and LeRoy Lounsberry for the People.

Judge Hasbrouck by his decision in the matter finds that Judge Moore exceeded his authority in imposing the alternative sentence and holds that it was not legal. He also finds that the suspending of the original three months' jail sentence was exceeding the authority of the court and holds that the court had no power by statute to suspend this three months' sentence. The writ is sustained.

**Judge Hasbrouck's Memorandum.** The following memorandum written by Judge Hasbrouck in the case explains the situation:

The prisoners should be discharged. The sheriff was not furnished with a copy of the certificate of conviction. He was furnished with a copy of the void sentence instead of the valid one. There was a trial of the defendants in the court of special sessions. The defendants were convicted of an assault upon a young girl. The court sentenced them to three months in the county jail and suspended sentence. With imposition of the first sentence and its certification in his docket, People ex rel. Bert Forbes vs. Markell, 32 Hun. 286, its function was complete.

At a later date there was no court. It had no power to make a new sentence nor to give a certificate to the sheriff based thereon. All acts done which were based on the second sentence are void. The court was given by statute no power to suspend the three months' sentence.

The judgment of conviction remains unexecuted. Since the function remaining to be done by the justice is a ministerial one he may the sheriff, People vs. Agnes Shaver, send a copy of the certificate of conviction as is required by law to 67 A. D. 623, and he should cause the certificate of conviction to be filed in the county clerk's office. He is not powerless because the twenty days in which such act is required to be done has expired. He is still required to do it. His act is directed merely. People ex rel. Szlatava vs. Baker, 3 N. Y. Supp. 536.

There is no mistake in the proceedings up to the time the valid sentence is imposed. What took place after that was as if the sentence had been pronounced in the district school. The second sentence was not imposed in court. People vs. Smith, 9 N. Y. Supp. 181.

People vs. Harber, 100 A. D. 322. People vs. Jewett, 69 Hun. 550. It was not a part of the proceedings. If the constitutional rights of the defendants have been invaded the remedy for such invasion is not in the proceeding under question.

I have indicated what may be done, to set the matter drawing to a close, to set a poor opinion of the law. Writ sustained. Prisoners discharged. No costs.

## National Capital Many Clues in Search for Girl From Havana on Cruiser Memphis

Miss Smith, Missing College Girl, Reported In Widely Separated Places—Once Harbored Desire to Run Away.

Washington, Jan. 17 (AP).—Five extra alarm fires, interspersed with several minor ones and a few false ones, threw the national capital into a state of turmoil last night and early today and led the police to believe fires were at work.

The blazes, the first of which began shortly before midnight, continued until after 5 o'clock this morning, bringing apparatus from many nearby Virginia and Maryland cities and towns to aid an exhausted Washington crew and starting a wide search for suspects believed to have deliberately set fire to the places and to have turned in false alarms to divert the fire fighters.

The first man taken in the hunt was a temporary psychopathic patient at Walter Reed Hospital. He gave the name of John Jacob Fisher, 29 years old. On his person was found a fire badge of the town of Fallsburg, N. Y. He was held for investigation.

Fisher was arrested after three men said they had observed him acting suspiciously at a fire box in the Eckington section, where a grain elevator was burned at Fourth and Q streets, Northwest.

Other fires were at the Woolworth store on Pennsylvania avenue between Ninth and Tenth streets, a number of produce stores near Center market, a little more than a block away, a grain store on H Street, Northeast, near the Union Station viaduct, and a lumber yard at Fourteenth and W streets, in the Northwest residential district.

Checks revealed no faultlines in any of the blazes, although a score of firemen were overcome when a gas main broke in the Woolworth store, the first blaze in the series that kept a continued procession of fire fighters running over the city for more than nine hours and started ten pieces of apparatus over the long 40-mile run from Baltimore.

Firemen from the Maryland city, besides aiding in combating the fires, were placed in vacant fire houses in various sections for protective purposes.

The police department threw an emergency force into every section of the city to run down any suspects. Police began a check of Fisher's past record to see if he had been implicated in any arson cases here or at Fallsburg.

**Harbored Desire to Run Away.** Another possible clue was seen in the revelation that Miss Smith had once harbored a desire to "run away."

In an article she had written for the Magnet, a student publication at Milton Academy where she had prepared for college, she had said: "My idea of unalloyed bliss has always been to run away, but my own difficulty with that course was for so doing. Consequently, I had never attempted flight for by the time I had run as far as the other end of the orchard and down the road, I began to waver in my purpose and gradually my wrath abated."

The article was written last June. Investigators were attempting to link this with a report that one of the reasons for Miss Smith's recent former friend who had been a classmate with her at Milton.

The difficulty was said to be slight but it was recalled by girl friends that Miss Smith had brooded over it.

From Williamstown had come a report that a Williams College student said she saw a girl resembling Miss Smith on the college campus Saturday evening and she had asked her way to the college Latin department.

Mrs. Rosewell Billings of Hatfield, a few miles from here, asserted that a girl she was sure was the brother's daughter had called at her home early Saturday evening and inquired the way to the old homestead of Sophia Smith, founder of the Smith College.

**Arraign Noble on "Dry" Law Charge.** Edward F. Noble of 162. Abell street was arraigned before United States Commissioner Arthur C. Connelley Monday afternoon on complaint of federal agents, who charged Mr. Noble with possession of 240 barrels of beer and 32 cases of bottled beer at the premises on Abell street which were raided by the agents last Friday. Mr. Noble was represented before the commissioner by Andrew J. Cook and demanded an examination.

The matter was set down for a hearing on February 15, the date on which the Hauck brewery cases and the Myron Silkworth matter will come up. Bail in the sum of \$500 was given.

When the agents raided the premises along the creek last Friday there was a watchman on duty but he fled on the approach of the agents. At the time of the raid no arrests were made and the arrest and arraignment of Mr. Noble is the outcome of the raid.

The beer on the premises has since been destroyed after samples were taken by the agents.

## President Sails Arrest Follows Cruiser Memphis

Will Board Special Train Upon Arrival at Key West—One Formal Stop Scheduled at Jacksonville—Experts to Be Back at Desk Thursday.

Havana, Jan. 17 (AP).—Cuba said today and sent him back to his country with the memory of the greatest acclaim ever paid in Havana to the visiting head of a foreign nation.

He steamed out into the ocean, on the cruiser Memphis, bound for Key West, having left a message of good will and international amity—the first ever delivered in person by an American executive on Latin American shores.

The first hint of day came over historic Morro Castle overlooking the Havana harbor as Mr. and Mrs. Coolidge said adieu to their host in the Cuban national palace and started their homeward journey.

The Memphis left promptly for Key West where the President will board a special train waiting his arrival there for the return trip to Washington. One formal stop at Jacksonville has been scheduled for Wednesday morning.

The President left behind Charles Evans Hughes and the rest of the American delegation to the Pan-American congress which Mr. Coolidge opened yesterday and an inordinately friendly gesture from those who heard the speech from the American executive who had traveled far to deliver it. Mr. Hughes and his colleagues will represent the Washington Government in the conference which is expected to last about six weeks.

**Will Be Back Thursday.** Accompanying the President home were Secretary and Mrs. Kellogg and Secretary and Mrs. Wilbur. The presidential party was due in Key West in the middle of the afternoon. Mr. Coolidge intends to be back at his desk Thursday morning.

It was shortly after seven o'clock this morning that President and Mrs. Coolidge and their party left Havana aboard the Memphis convoyed by six destroyers. Arrangements made last night with the port captain gave the President special aid in suathing out of Havana harbor and a double file of soldiers lined the streets from the presidential palace to the embarkation point.

Four launches were placed at the disposal of the Coolidge party, three from the Cuban customs service and one from the Texas. President Machado was at the port to bid his guests good bye. As the President's ship passed Morro Castle Point a salute of 21 guns was fired from the Cuban cruisers Patria and Cuba.

The reason that the President boarded the Memphis instead of the Texas was to obviate a change out of Key West which would have been necessary because the Texas is too large to enter the dock there.

The morning newspapers, commenting favorably upon the President's speech, declare that it sounded like a clarion call to better understanding and friendship, although holding out no particular solution to present problems and future possible ones.

**Mrs. McFall of Kingston Appears Claiming To Be the Wife of the Man Who Killed Florence Hershey McFall and Then Severely Wounded Himself.**

West New York, N. J., Jan. 17 (AP).—Another Mrs. Walter McFall, of Kingston, N. Y., appeared today claiming to be the wife of the man who killed Florence Hershey McFall, formerly of Lawrence, Mass., last Saturday.

McFall severely wounded himself after shooting the woman he said he had married three months ago. Neither the Kingston Mrs. McFall nor the young Brahman's mother, Mrs. Edward McFall of Genesee, N. Y., have been allowed to see him owing to the gravity of his condition.

During the night McFall showed marked improvement, although a bullet is still lodged in the casing torn of his brain.

The Mrs. McFall who appeared last night showed what was considered a valid certificate showing she was a wife of the man who had been married in Genesee, N. Y., in February, 1924.

When she learned today that McFall would probably recover, she said she would return to her home in Kingston, and await developments.

The body of the other Mrs. McFall remained in a morgue at Hoboken, awaiting word from her parents, Mr. and Mrs. George Hershey, Lawrence, Mass.

Efforts by The Freeman to locate Mrs. McFall as a resident of Kingston were unsuccessful.

## Troops Called When Killer of Child Is Jailed

Adolph Hotelling Confesses Killing Dorothy Schneider—10,000 Persons Charge Down Upon Jail—Admits Other Attacks on Children.

Flint, Mich., Jan. 17 (AP).—Adolph Hotelling, 47 years old, of Owosso, Mich., has confessed kidnapping, slaying and dissecting the body of little Dorothy Schneider, but why he did it, by his confession, as it is comprehensible to him as to the authorities.

Officers, however, had little time to ponder over motives last night, because Hotelling's arrest was followed by such an outburst of public indignation that all the ingenuity of police was needed to save Hotelling from mob violence.

The Flint jail was found no safe place for him, a mob forming almost as soon as word of the arrest spread. Hotelling was taken secretly from the jail, driven by motor car under heavy guard to the state capital, Lansing, and finally locked in a cell at the state reformatory at Ionia.

No sooner had the cavalcade of state police and sheriff's officers cleared the Flint city limits with their prisoner than a mob of 10,000 persons charged down upon the jail, seeking to wrest Hotelling from the authorities.

**Officials Use Tear Gas Bombs.** The assault upon the jail was met by tear gas bombs hurled into the mob by guards. Brekicks and a few shots were the mob's answer. The increasing strength of the attackers led to the calling out of the national guard which succeeded in clearing the streets.

Hotelling, father of five children, is a carpenter. A fellow workman's tip led to the arrest. Hotelling had aroused suspicion by constant discussion of the Schneider case, and at one time said, police were told, that he could lay his hands on the child's slayer.

**Officers Assert He Confessed.** When officers went to his home Hotelling at first denied the charges. He broke down and confessed, the officers asserted, after being identified by a farmer who had helped him extricate an automobile from a mud hole near the place where Dorothy Schneider's body was found.

The confession was to be turned over today to prosecuting Attorney Will Roberts here. High lights in the statement as given out were that Hotelling stopped the child dargard at Mount Morris, near Flint, at the time looking for work.

"I don't know what came over me," the confession said. "I was driving alone and saw Dorothy. I got her into the car thinking I would take her home. She cried. I drove her to the Sycamore road (the muddy road in which his car became mired) and carried her part way across the field. She still cried and wanted to go home. She said she would tell her father, so I pulled out my knife and stabbed her twice."

**Blames Hickman Case.** "I had been thinking night after night of the Hickman case, turning over in my mind the details of that crime."

The possible bearing of the Hickman case was dispelled later, police said, when Hotelling confessed to similar attacks on children over a period of years. Two of these attacks, according to officials, occurred in Owosso. One was on a two year old child, and the other on an eight year old girl.

Owosso residents said Hotelling's outstanding characteristic was his apparent ploy. He was made a deacon of the Christ Church here and took a leading part in the affairs of the pastorate. Only Sunday he presided at communion services at the church, and after the services he was established as an elder.

Mrs. Hotelling has steadfastly refused to believe her husband guilty. She said that if he had confessed, the statement had been wrung from him by torture.

New York, Jan. 17 (AP).—An issue of \$5,000,000 state of Vermont obligations, authorized to finance the reconstruction of property damaged by the recent flood, has been floated by J. P. Morgan & Company without exacting the usual bankers' commission. The bonds were offered at par with no concession to dealers.

**LUTZIN HEADS KINGSTON TAILORS' ASSOCIATION.**

The following officers were elected at the ninth annual meeting of the Kingston Tailors' Association, Inc., and took office Monday evening at the Uptown Y. in February, 1924.

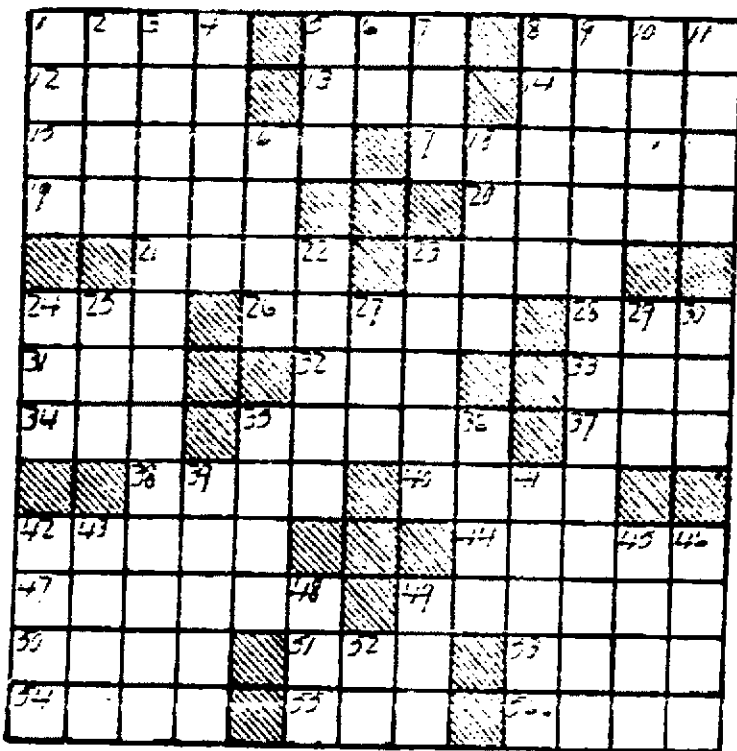

When she learned today that McFall would probably recover, she said she would return to her home in Kingston, and await developments.

It was reported to the police Monday afternoon that a Dodge truck of the Port Ewen Dairy, a charge of Fred Storms, collided with the coupe of Benjamin Suskind, of the Merchants' Credit Bureau at Smith avenue and Grand street. The Ford coupe was turned over but Mr. Suskind escaped with a shaking up.

## Good Speakers for Poultry School

Speakers who appear on the three-day program for the poultry school to be held January 18, 19 and 20, represent the best informed talent in the state on the subjects covered, according to Farm Bureau Manager, Winsten. Miss Evelyn Nance of the Home Bureau needs no introduction in Ulster county. Her work in the Home Bureau nutrition project is known in every Home Bureau community and stands as a worthy example of Home Bureau accomplishments. Her topic is, "What consumers should know about eggs."

L. M. Hurd has been an extension speaker since 1909, previously having owned and operated a large commercial poultry farm at Wilberham, Mass. He has addressed nearly one hundred meetings in Ulster county alone. L. E. Weaver is likewise experienced in handling birds, incubators and brooding equipment, having been in charge of the baby chicks at Cornell several years. He has been four years on the extension staff.

J. T. Jones of the Department of Agriculture and Markets at Albany is one of the framers of the new egg grading law, hence will be well informed on his subject.

The announcement that all sessions will start promptly at the hour scheduled will be strictly adhered to. Late arrivals will miss out.

**BLOOMINGTON.**  
Bloomington, Jan. 16.—The Missionary Society will hold their regular meeting at the home of Mrs. Floyd Every at 2 o'clock on Thursday of this week. Hostesses, Mrs. Taylor and Mrs. Hotaling. The topic is China and the leader will be Mrs. Chatterton. New members and visitors are cordially welcomed.

The men of the church will have a supper in the lecture room on Friday evening, January 19, beginning at 6:30 o'clock. Menu: Potatoes and sausage. Everyone is cordially invited to attend.

At a largely attended meeting of the I. H. M. Bible Class held recently the following officers were elected: President, Elmer Bundy; vice-president, Mrs. John Hordens; secretary, Floyd Every; corresponding secretary, Mrs. Chester Newell; treasurer, Ransom Brown; assistant treasurer, Mrs. John Hordens; organist, Mrs. Elmer Bundy. A pleasant social time was enjoyed and delicious refreshments were served.

Maylon Hotaling of Hurley spent Saturday with his brother, James Hotaling, and family.

Miss Beatrice Press spent Sunday with her aunt, Mrs. William Haines, and family of Tillson.

Ernest Grate is having his barn fixed over into a house.

**Esopus Supper Date Changed.**  
The date of the oyster stew supper at the Esopus M. E. Church has been changed to Thursday evening, January 19. Menu will be: Oyster stew, baked beans, escalloped potatoes, pickles, ham, cake, coffee, tea, ice cream for sale.

## Savings and Loan Habit for Thrift

Thrift Being Expanded This Week by Savings and Loan Association in Commemoration of Franklin's Birthday Anniversary.

Tuesday, January 17, marks the anniversary of the birth of Benjamin Franklin, and in commemoration of the birth of America's recognized statesman, it is indeed fitting that this week should be set apart as the appropriate season of the year to ex-press the virtues of thrift through-out the United States," says Arthur C. Connelly, secretary of the Kingstons Savings and Loan Association.

It is significant perhaps that the Savings and Loan Association organized in the United States was established in 1831 at Franklin, Penn., a suburb, now a part of the city of Philadelphia, the home of this distinguished statesman. It is not un-likely to assume that the crea-tion in his own territory of the first Savings and Loan Association in the United States was the direct result of his ceaseless efforts to instill in the minds of the citizenry the great vir-tue of thrift.

"Everyone agrees that the one par-ticular virtue in the lives of most citizens of our country is the econ-omy of their families in their own homes. In fact the purchase of a home is, in the majority of cases, the only real investment made by the head of the family. This was par-ticularly true in the days of Franklin, and to accomplish this creditable purpose, it was quite necessary to practice thrift even to the foregoing of the modest luxuries of life.

"The extent to which Franklin's teachings have borne fruit through the medium of Savings and Loan As-sociations is well demonstrated by the fact that today there are nearly 13,000 of these institutions in the United States having a membership of nearly eleven and a half millions of people with the average savings per member of \$624.72 and aggre-gate resources of more than six and a half billions of dollars, practically every dollar of which is loaned upon the security of dwelling houses rep-resented by first mortgages. Last year nearly two and a half millions of dollars were distributed to home owners on the security of such mort-gages. The attractive feature of these loans is the amortization plan by which a mortgage is paid off in practically the same manner as the payment of rent in anywhere from seven to twelve years, depending upon the plan of individual associa-tions.

"The Savings and Loan Associa-tions of New York state have re-sources of approximately three hun-dred and forty millions of dollars and are making first mortgage loans to home owners at the rate of eight per cent per year. That they are well managed is evidenced by the fact that there have been no failures in many years.

"Persons desiring to save either for investment or for home own-ership would do well to look into this splendid agency of thrift and en-deavor to acquire for themselves the 'Savings and Loan' habit."

## Exchange Liberty Bonds For Notes

The U. S. Treasury is now offering new 3 1/2 per cent treasury notes in exchange for Third Liberty Loan 4 1/2 per cent bonds of 1928. The new notes will be dated and bear interest from January 16, 1928, will mature December 15, 1932, and will be callable on and after December 15, 1930. These notes will be issued only in exchange for the Third Liberty Loan bonds, and the amount to be issued will be limited by the amount of such bonds tendered and accepted. The Third Liberty Loan bonds mature on September 15, 1928, and will not bear interest after that date. The present ex-change offering gives holders of the Third Liberty Loan bonds an opportunity to exchange their bonds as of January 16, 1928, par for par, for treasury notes bearing 3 1/2 per cent interest from January 16, 1928. Those taking advantage of this offer will receive, when the new notes are delivered, interest in full to March 15, 1928, on their Third Liberty Loan bonds, without deduc-tion. This interest payment will compensate holders of these bonds for the premium at which the bonds are now selling.

The subscription books for the new issue are now open and appli-cations will be received by banks as fiscal agents of the United States. For details of the offering ask your banker.

## Two Highland Boys Drowned

Crashed Through Three Inches of Honeycombed Ice on Pond West of Village—Highland Fireman Recovered Bodies.

Crashing through three inches of honeycombed ice on which they were sliding, Robert Lester, 19, and Frank Pezzo, 11, of Vineyard ave-nue, Highland, were drowned in a small pond, about a mile and a half west of the village, at about three o'clock Sunday afternoon. The bodies were taken to their respective homes, next door to each other, to await an inquest by Coroner George Sutor of Marlborough.

The boys were accompanied by Morris Pezzo, 8, brother of Frank, who attempted a rescue but was un-able to reach his companions be-cause the ice, already badly broken, would not support him. He ran to the Lester home and hurried back with Mildred Lester, 17 year old sis-ter of Robert. Finding the bodies submerged in four feet of water and sinking in mud, the girl went after her father, J. D. Lester, who rushed to the pond with a ladder.

This effort to recover the bodies also proved futile and an alarm was sent at 6 o'clock to Highland Hose Company No. 1, which responded with 20 men led by Chief Bert Fox. They sent an automobile truck a mile and a half to a house owned by Abraham Bloomer of Beacon, where a row boat was obtained. This was brought to the Lester home and from there taken up the mountain by horse and truck and were easily found and taken aboard by Henry Fowler and Conrad Ley. Edward Ackley assisted in carrying the bodies down.

Frank Pezzo was the son of Mr. and Mrs. Joseph Pezzo. He was in the fifth grade of the primary de-partment of the Highland High School and Robert Lester attended the fourth grade. Albert Lester, a brother, who attends Highland High School, also survives.

The pond was described as a lit-eral mudhole, almost circular in shape, about 100 feet in diameter.

## LAST NIGHT on the RADIO

Unusually strong reception from western stations was experienced Monday afternoon. At 4 o'clock programs from WLW and WXC could be heard clearly and WLS was also heard but was not quite so strong as the Detroit and Cincinnati sta-tions.

The first half hour of the Roxy program was clear from WJZ but the remainder was marred by sev-eral periods of fading. The program opened with a peculiar fluttering in-terference which lasted about five minutes. The General Motors pro-gram from WGY was marred by dis-tortion while from WEAF some of it faded badly. KDKA seemed to hold its volume best of any station. WLS and WJAX were smothered in the squealing of interfering stations. WSB was one of the best DX sta-tions.

The Williams Oil-O-Matic Heating Corporation of Bloomington, Illi-nois, manufacturers of the Williams Oil-O-Matic Oil Burner have ar-ranged a three hour program each Monday night from eight to eleven o'clock, eastern standard time, broadcasting from station WBBM Chicago, which is one of the most powerful stations in the middle west, in a radio feature known as the "Home and Fireside Radio Party." This program is probably of consid-erable interest to residents of Kingstons, as there are approximately one hundred home owners and business places using Oil-O-Matic burners.

## PASTOR GREENWELL KNOWS POISON PEN WRITER.

When a bird flew into St. Paul's Church at Middletown Sunday even-ing during the prayer service and cir-cled around the auditorium high above the pastor, the choir and con-gregation, the Rev. Robert A. Green-well took occasion to refer to the anonymous letter writer who has sent scurrilous letters to scores of St. Paul's parishioners. Mr. Green-well said:

"There is a bird in the church. Some of you have noted it and I want all of you to know it is here, that you may not be alarmed.

"When I was a boy I used to ask my mother how she knew certain things and she would say a bird told her. Perhaps this bird came in to tell us who wrote those beautiful letters.

"Well, that is not necessary as far as I am concerned, for I know already.

Postal inspectors are understood to have handled several of the mis-chievous letters, and are working on the case, with every prospect of a dramatic disclosure within a few days.

The Rev. Mr. Greenwell was for-merly pastor of the Clinton Avenue, M. E. Church of this city.

## Flashes of Life Sketched in Brief

(By The Associated Press)

New York—The army recruiting bureau has a perfect man—Sergeant Herbert E. Smith, age 27, weight 238, height five feet six. He passed an ex-amination covering moral, mental and physical attainments with a mark of 100 per cent. The perfect man has been a husband a few months. He married a childhood sweetheart and "Mrs. Smith is boss". He does not drink. He smokes a pipe. His home is in Newark.

Chicago—Even if a fiancée agrees never to demand alimony the man must pay just the same. Such a pre-nuptial agreement is against public policy, Judge Joseph Sabath held. The ruling was in the case of Mrs. Alice E. Gottwald, who is suing her hus-band.

New York—The first test of an ideal husband is whether he is a good provider, as seven Long Island girls view the matter. The Rev. James E. Walker of Astoria, Presbyterian, ob-tained their views.

Boston—It is Leap Year. Miss Gertrude H. Novak, beautician, went to City Hall and filed notice of her intention to marry Dr. Robert L. Dix-mond. Several hours later the doctor informed the officials that Miss Novak had acted without authorization. Miss Novak explained that she was tired of waiting.

New York—Claire Gilbert, who says she was once a show girl, is a poker player. In her latest game she lost \$2,800. Having three aces, she bet \$500 before the draw and was raised \$2,300, which she saw. She failed to improve. Her opponent showed a straight. Then she had, Sid-ney Smith and Joseph Cohen ad-judged. They were convicted of larceny when she demonstrated she could read the cards by means of a fleur de-lys design on the back.

Prague—Couple of students at the military aviation school at Prostějov are playing hooky in a plane. They tied up a sentinel at the hangar and vanished in the sky.

New York—The Bell system is working on plans for the equipment of airplanes with telephones when re-quired. A substantial amount is to be devoted to research along this line to promote safety in aviation.

Dublin—The thing about Ireland that has most impressed Mrs. Fred-erick A. Sterling, wife of the Ameri-can minister, is longevity. Obituaries in newspapers give her the idea that the popular age for dying is 90 years or more.

New York—Desiring to realize a lifelong ambition to see the Atlantic Ocean, Governor Bulow of South Da-kota was taken to Coney Island by James W. Gerard. There was a thick fog. "I didn't see the ocean at all," explained the governor. "All I saw was water. There was plenty of it."

Paris—Cecile Sorel, who has won fame and fortune as the star at the Francaise Theatre, is to get her real joy out of life in acting as she pleases in her own theatre before a handpicked audience. Madame La Comtesse De Segur, as she is in pri-vate life, will stage plays with her husband in an open air theatre on her estate in the south of France, near Toulon.

New York—This is the sixteenth birthday of a fragment of the heart of a chicken which theoretically is immortal. Kept in 80 cultures at the Rockefeller Institute, it lives and grows. It could double its size in 48 hours, but it is pruned occasionally by Dr. Alexis Carrel and associates for study with the hope that it will lead to great discoveries for use in the world of medicine.

## Sidetrack Tax Reduction Bill

Republicans Stick By Postponement Program and Defeat Effort To Ob-tain Immediate Consideration.

Washington, Jan. 17 (P).—The Senate finance committee voted to-day to sidetrack the \$290,000,000 tax reduction bill until after March 15.

An effort by Senator Simmons of North Carolina, ranking Democrat on the committee to obtain immedi-ate consideration of the measure was defeated by a strict party vote, 11 to 9, with the Republicans sticking by the postponement program.

Informed by Chairman Smoot that the Republicans intended to delay consideration of the tax bill until after March 15, when first tax re-turns of the year are due, Senator Simmons declared "you will hear from us on this later."

Democratic members of the com-mittee were called for an early con-sideration at which the North Carolina senator expects to map out a plan for carrying his fight to the floor for early consideration of the tax bill.

Senator Smoot expressed con-fidence after the meeting that the Republican majority will stick to-gether on the floor for delay of the bill which has far exceeded the lim-itation on tax reduction proposed by the administration.

In the surrogate's court, the will of Anna Dien of Kingston has been ad-mitted to probate. Letters testamen-tary were issued to Anna Radel who is named as executrix. Value of es-tate, \$800 personal. Beneficiaries named are St. Peter's R. C. Church, Kingston, \$100 for Masses; \$100 to St. Peter's R. C. Cemetery Associa-tion for upkeep of burial plot; res-idue to Anna Radel, M. O. Auchmoody, attorney for petitioner.

## Legislature May Adjourn Early

Legislators Settle Down to Consider-ation of Pending Legislation Fol-lowing Receipt of Governor Smith's Executive Budget—Re-publican Leaders Withhold Com-ment.

Albany, N. Y., Jan. 17 (P).—Con-fronted at an unusually early date with the state's financial program for the ensuing year, the legislature today settled down in earnest to con-sideration of pending legislation in an effort to bring about an early ad-journment.

The first executive budget, replac-ing the annual appropriation of for-mer years as a result of the reor-ganization of the state government, was presented to the lawmakers last night by Governor Smith.

Comment on the budget program was not readily forthcoming today from Republican leaders of the Leg-islature, upon whom will rest the responsibility for its adoption or re-jection. While they knew of its general tenor, they declared that they had not studied it sufficiently to care to express definite opinions, and that the subject would be con-sidered more fully within the next few days.

Within a few minutes after the governor's budget message had been read, both houses last night listened to pleas from the ranking Republi-

## Harry Johnson Fell in Creek

Two St. Remy Men Were on Dock Front and One Fell Overboard—Rescued and Taken to Kingston City Hospital.

While Harry Johnson and Alva Eckert, both of St. Remy, were on the dock front of the Rondout creek shortly after 1 o'clock this morning Johnson fell overboard into the icy waters.

His cries for help were heard and he was fished out by Watchmen John McCutcheon and Coffey, and word telephoned police headquarters that there was a man overboard in the Rondout creek.

The ambulance was rushed to the dock in charge of Policemen Simon Wood, Robert Healey and Ray Sch-lott. They placed the rescued man in the ambulance and taken to the Kingston City Hospital.

In the excitement Eckert disap-peared.

The place where Johnson fell over-board was at the coal pockets near Hazbrouck avenue. How he hap-pened to fall over was not ascer-tained.

## Jury Blames State Police

For the Death of One of Two Per-sons Killed in Fight Between Officers and Miners—Governor Adams Surprised.

Denver, Jan. 17 (P).—Governor W. H. Adams today expressed sur-prise that a coroner's jury had found state police responsible for the death of one of two persons killed in a skirmish between officers and sym-pathizers of striking coal miners at Walsenburg, January 12.

In placing the responsibility for the slaying of Klementz Chavez on police, the jury yesterday held that firing growing out of the effort of authorities to break up a parade of more than 500 strike sympathizers was "unprovoked."

The jurors declined to place re-sponsibility for the death of Sales-tino Martinez, 15, a bystander, the youth was fatally wounded by a bullet that passed through the hall to which the miners retired when the firing started. The hall was used as headquarters by industrial work-ers of the world, who called the strike October 18.

"All my reports from reliable sources on both sides showed there was never any doubt as to who fired the first shot in Thursday's riot," a statement issued by Governor Adams said. "There never did seem to be any dispute as to the blame for this

## Streets Were Glare of Ice

The rain and hail that started falling Monday afternoon continued throughout the night and as a result streets and sidewalks were a glare of ice and traveling was extremely difficult. There were a number of minor motor accidents, but no one was reported seriously hurt.

During the night the hail and rain formed a mantle of ice on the hills and the board of public works scat-tered ten bags of salt on the Wurts street hill so that automobiles could set up and down the street.

The trolley road kept its plow running all night and as a result trolley traffic was not interrupted by the storm.

The weather moderated and at 5 o'clock this morning thermometers that on Monday at the same hour registered 29 degrees above zero registered 29 degrees below. As the sun arose the ice began to disappear.

Tailors Elect Officers.  
At the ninth annual meeting of the Kingston Tailors' Association held at the Hyattsville Jewish Center, 51 1/2 West 12th street, Monday evening, officers were elected as follows: P. Litzan, president; B. Sussin, vice president; J. Rosenzweig, secretary; L. Rosenzweig, treasurer; Myer Gasool, treasurer.

# Home Bureau At Saugerties

Encouraged by the large attendance and interest in the first Home Bureau meeting at Saugerties, the Home Bureau of Ulster County is planning to hold a second meeting at the same place on Thursday, January 19, at 8 o'clock. The first meeting was held on Monday, January 15, at the home of Mrs. J. H. Bunker, and was attended by a large number of people. The Home Bureau is a voluntary organization for the purpose of helping the needy and the unfortunate. It is a place where people can get help and advice in times of need. The Home Bureau of Ulster County is a very active organization and has been successful in many of its efforts. It is a place where people can get help and advice in times of need. **MILTON**  
Milton, Jan. 16. Mr. and Mrs. Bumbard of Port Jervis, N. Y., have been visiting their daughter and husband, Mr. and Mrs. Raymond Shurtz. Mrs. and Miss J. M. Briggs of Queens, L. I., have been recent visitors at the home of Miss Maria Crook. At the meeting of the Males and Matrons' Club last Tuesday evening the following officers were elected for the ensuing year: President, Mrs. Edward A. Martin; first vice president, Mrs. Philip Lyons; secretary, Mrs. William Hall; assistant secretary, Mrs. Grace Hewitt; treasurer, Mrs. Percy V. Bunker. Mrs. Martin was re-elected by a rising vote of the fifty members of the club who were present at the meeting. She has held the office of president for two years to the satisfaction of the club. Mrs. Grover Ferguson, when this club was organized ten years ago, was elected president and held the office for seven years. It was through her faithful, earnest efforts that this club has accomplished the good work it has for this community.

Regents' examinations in the schools will be held Tuesday and Wednesday of this week. Grade examinations will be held Thursday and Friday. John U. Gillette of Port Jervis was a visitor in the schools last week. The Ladies' Needlecraft Society will hold a roast beef supper in the parlor of the Presbyterian Church, Thursday evening, January 19. At the fourth quarterly conference held at the Methodist Church Sunday, January 8, the church board requested that the pastor, the Rev. J. A. Hurn, be returned to the Milton Church for another year. The Rev. Mr. Hurn has made many friends during his pastorate of the past two years. The Rev. J. H. Henry, district superintendent, addressed the congregation at the meeting service.

Mr. and Mrs. Stinson have sold their Rest and Tea House on Main street to Fred Bessler of Kerhonkson, who will take possession March 1. Mr. and Mrs. Stinson will move to Highland. Michael Conroy was a recent business visitor at Red Hook. A meeting of the members of the Sarah Hull Hallcock Library was held last Tuesday evening. A very fine report was given as to the financial affairs of the library. The library debt has been decreased to \$400. During the past year 4,461 volumes were on the book shelves; 133 were purchased in 1927 and a total of 60 volumes were donated during the past year. There were 2,551 fiction books for adults in circulation through the year and 310 non-fiction. The juvenile circulation totaled 1,187 volumes. At a recent meeting of the board there were three trustees re-elected, Miss Lulu Clark, Mrs. William Rhodes and R. Weed. Miss Clark was made president of the board; Mrs. Grover Ferguson secretary and Mrs. Rhodes treasurer. The Males and Matrons' Club have done a great deal of work toward getting the new library building debt paid and their efforts are greatly appreciated.

Miss Lulu Clark has gone to St. Petersburg, Fla., where she will spend several weeks. Walter R. Clarke attended the western meeting of the New York Horticultural Society in Rochester the past week. A food sale was held at the library building Saturday afternoon for the benefit of the library fund. Home made bread, biscuits, cakes, pies, etc., were sold. There was an unusually large attendance and the demand for the articles was greater than the supply.

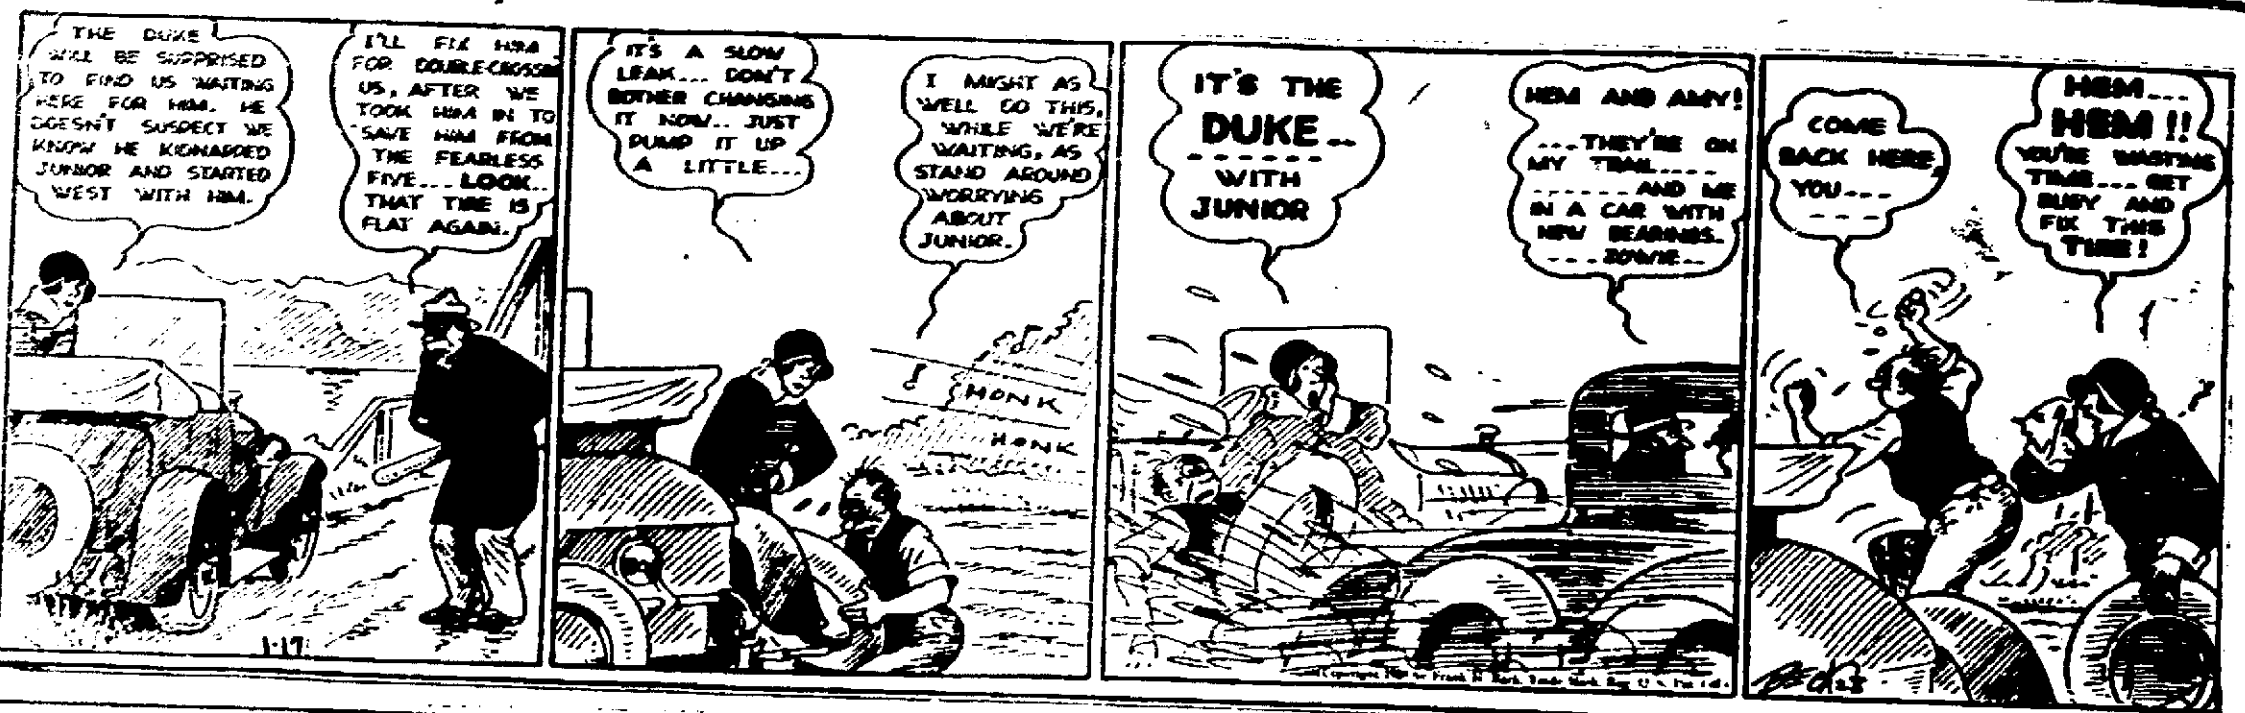

The First National Bank of Milton held its annual business meeting January 10 at 3 p. m. The following directors were elected for the ensuing year: J. I. Kiley, Walter R. Clarke, James Driscoll, Charles Marazza, E. F. Carpenter, P. V. Bunker, William E. Rhodes, J. Westervet Clarke and F. W. Woolsey. The following officers and employees were also elected: President, J. I. Kiley; vice president, Walter R. Clarke; cashier, Francis Kaley; assistant cashier, Rose M. Mallarazza; bookkeeper, Arthur H. Clarke.

The Milton troop of Boy Scouts held its first meeting for this year last Tuesday evening. Ivan Warren has been appointed the new scout master.

At the meeting of the Men's Club Tuesday evening Percy Bunker was re-elected president; F. W. Woolsey, first vice president; recording secretary, Irving Clarke; financial secretary, E. A. Martin; treasurer, Charles R. Taber. The membership dues has been reduced to \$2 a year.

## Newspaper Advertising Strengthens the Entire Structure of all Business

In the construction of any building there is a necessary fundamental that occasions much thought and care—the Keystone, that part which supports and ties together both sides of the structure.

So in all business there must be a supporting and strengthening wedge which ties together the individual structures of both manufacturer and retailer. The only satisfactory keystone or wedge in this commercial structure is one that builds acceptance for the manufacturer and sales for the retailer—thus becoming a support of tangible value. To build with anything short of the strongest keystone is to invite disaster to the entire structure.

Newspaper advertising has been proven as a dependable keystone, one which strengthens the entire structure of all business. The primary function of newspaper advertising is to build business by creating sales with the resultant increase in profits and good will.

The Freeman fits perfectly into the fundamental processes of business, for it possesses in abundance those factors which create acceptance and sales.

The Freeman is clean, reliable, conservative and complete in presenting the local and general news to Ulster County readers. It is enterprising without being sensational. It builds for permanency, not merely for the moment.

That is the way prosperous and intelligent business men build and conduct their businesses. As part of that policy they advertise in The Freeman.

Do you? If not, and you are interested call at The Freeman office or telephone 2200.

## ANOTHER SLEEPLESS NIGHT

You go to bed dog-tired but still no sleep, no real rest. Morning finds you a rag. One of the first effects of a poisoned system is "nerves"—restless, sleepless nights. The whole thing is traceable to our modern habit of life which put too great a burden on our vital organs, especially the liver.

The liver, becoming "dead" or sluggish fails to remove the toxic poisons from the blood, which then poisons the system, weakening stomach, kidneys and heart, causing high blood pressure, and undermining health in general.

It is universally recognized that occasionally the liver needs a little help. Nothing is better for this, say medical men, than ox gall. Ox gall is a great natural stimulant for the human liver, promoting its normal active functioning so essential to real health. Dioxol tablets are genuine ox gall in dairy and tasteless form, each tablet representing 10 drops of pure ox gall. To be sure of getting the genuine ox gall, be sure of getting Dioxol. They cost less than 2c each at good druggists, and a few bring new days.

People have used Marmola for 20  
years—millions of boxes of it. They have

A book in each box of Marmola tells  
you the formula, also the reasons for  
its use. You will know why the effects come,  
and why they are beneficial. Go ask your

**Flag Presented  
To Zena School**  
Zena, Jan. 17.—The children of  
District School No. 7 were presented  
with a beautiful flag by the Ladies'  
Auxiliary, No. 53, of Tappan Camp,  
No. 1, Sons of Veterans, of King-  
ston, last Friday evening in the Zena  
Country Club house. The occasion  
drew such a large assemblage that  
the ceremonies had to be held in the  
club house instead of the school. The  
president of the auxiliary, flanked  
by officers and past presidents and  
the teacher of the Zena School, Miss  
Bertha Merrill, was seated on the  
stage. In front of them were four  
little girls, Alice and Edna Holm-  
gren, Helen and Blanche Long, who  
held the flag. As the curtain raised  
the audience arose and sang "Amer-  
ica". A prayer and salute of the  
flag followed.  
Walter France, as master of cere-  
monies, introduced a brother post-  
commander, J. S. Roosa, after wel-  
coming all, Mr. Roosa in a short  
address told what the Sons of Union  
Veterans of the Civil War organiza-  
tion and the Auxiliary stand for.  
Mr. France then called upon the  
president of the Auxiliary, Mrs.  
Kate Woolsey, to speak and she was  
followed by Past Presidents Mrs.  
Elizabeth Sherry, Mrs. Kate Rob-  
ertson and Mrs. Rose Mackey, all of  
whom spoke on loyalty to the flag  
and the country.  
Miss Minnie Lown presented the  
flag to the teacher, Miss Bertha Mer-  
rill, and her pupils. It was accepted  
by the teacher who expressed her  
thanks and those of the pupils to the  
auxiliary for the flag. Vice Com-  
mander James M. Krom, after a  
short humorous speech, read an in-  
teresting paper on the "Flag". The  
"Star Spangled Banner" was then  
rendered by the pupils of the school,  
and the audience joined in the  
chorus.

Dan Lynch thanked the Ladies'  
Auxiliary of Tappan Camp for the  
flag in behalf of School Trustee  
John Carrington, who was too ill to  
attend the ceremonies, and asked  
that a vote of thanks be given to  
the auxiliary by all present. After  
the Ladies' Auxiliary sang a closing  
ode, Vice Commander Krom led in  
prayer. The floor was then cleared  
and dancing was enjoyed while the  
Zena Country Club and Pete Boice  
furnished music. At 11:30 refresh-  
ments were served by the ladies of  
Zena and the dancing continued  
after all had partaken.  
Ladies' Auxiliary, No. 53, of Tap-  
pan Camp, No. 1, was represented by  
Mrs. Kate Woolsey, president; Mrs.  
Elizabeth Sherry, Mrs. Kate Rob-  
ertson, Mrs. Rose Mackey, Mrs. Es-  
telle Riden, Mrs. Nealie Cramer,  
past presidents; Miss Minnie Lown,  
past instructor; Mrs. Anna Gage,  
Mrs. Mamie Sutton, Mrs. Minnie  
Short, Mrs. Ella France, Mrs. Pauline  
Kidd, Mrs. Bertha Decker, Mrs. Al-  
bel Buntin and Mrs. Rhoda Ellis  
worth. Members of Tappan Camp  
present were Commander William  
France; James M. Krom, vice com-  
mander; J. S. Roosa, Walter A.  
France, L. Woolsey, H. Woolsey and  
William Robertson, past com-  
manders.

There will be a dance at the Zena  
Country Club on Wednesday, Janu-  
ary 18. Music by Pete Boice and  
Zena Country Orchestra.  
In spite of the thunder storm,  
there was a good attendance at the  
pinochle games at the club Friday  
evening. Prizes were won by Mrs.  
Charles Krause, William Klementis  
and Albert Holmzner received the  
consolation prize.  
Rehearsals will begin this week  
for the comedy play to be given by  
members of the Zena Country Club  
and the date will be announced in  
the near future.

to attend.

**Will Take Census  
Of Manufacturers**  
The Kingston Chamber of Com-  
merce has arranged to cooperate  
with the Bureau of the Census in  
taking the census of manufacturers  
covering the calendar year 1927.  
This work is done in accordance with  
an Act of Congress approved March  
3, 1919.  
The schedules were prepared after  
conference with trade associa-  
tions and others interested in the  
various industries. Approximately  
150 different forms of schedules will  
be employed in taking the 1927 cen-  
sus. This represents an increase of  
about 50 forms over the 1925 census.  
The increase in the number of forms  
used was made at the urgent request  
of trade associations, in order that  
more detailed statistics may be col-  
lected for an additional number of  
industries.  
The schedules were mailed about  
January 10 and all manufacturers are  
urged to make their reports promptly.  
It is important that the reports be  
made by mail, otherwise the Gov-  
ernment will have the unnecessary  
expense of sending a special agent to  
the various establishments.  
The bureau has agreed to tabulate  
the data as rapidly as the schedules  
are received and to publish the re-  
sults at an early date after the re-  
ceipt of the last report, first by in-  
dustries and later by geographic lo-  
cation.  
The bureau has been cooperat-  
ing very closely with the chambers  
of commerce and other organiza-  
tions. The statistics for the various  
cities were sent to the chambers of  
commerce who cooperated in the  
1925 census, for publication, and the  
1927 statistics will be furnished also  
to those who render assistance.

get, and about the only thing he  
forgets is when to stop.

**HOME SERVICE CLASSES**  
**TONIGHT AND WEDNESDAY**  
This evening, at 7:30, and Wednes-  
day afternoon, at 2:30, there will be  
a demonstration on the subject  
"Come Out of the Kitchen" by Mrs.  
Bertha Decker at the home service  
classes of the Central High School.  
Mrs. Decker is a member of the Home  
Service Association at 5 Third Court.  
This is the second lesson of the winter  
series.  
At the classes this week, finger  
stitching will be discussed demon-  
strating that the time and labor  
saved by the housewives in the use  
of old methods is more easily than  
the expense of obtaining newer and  
quicker methods.  
"Come Out of the Kitchen" is a  
topic that is of interest to every  
housewife now that there are so many  
things to take up the housewife's  
time and thought besides that of  
getting three meals a day.  
**Federation Executive Meeting.**  
The January meeting of the  
executive committee of the Kingston  
Federation of Women's Clubs will

Kingston City Library. A full at-  
tendance is urged as plans will be  
made for a working program of the  
Federation for the coming year.

## Jack Delaney and Complete Card Paulino Register For Armory Bouts Kayo Victories

Bridgeporter lands Haymaker and Montgomery takes count in 20 seconds will be the first of the two bouts. The second is a 15-round bout between Paulino and a local fighter named Haymaker. The bouts will be held at the armory on Monday night, January 22.

New York, Jan. 17 (AP).—Keeley's southpaw tactics failed to make any impression on the Spaniard. Keeley landed some hard body punches in the first round but missed frequently. Paulino rapped his foe many times and again with terrific right hand smashes to the head.

Shortly after the second stanza was under way, Paulino bore in furiously with a swift two-fisted attack to the body and face which sent Keeley spinning around the ropes. Paulino staggered the Hub boxer with a right to the jaw which would have dropped Keeley but for interference by the referee.

Paulino leaves for Mexico on Thursday for a 15-round bout against Romero Rojas in the bull ring at Mexico City on January 29.

Church League Bowling Tonight. The Trinity bowling team will compete with the Fair Street aggregation tonight at 7 o'clock on the Y. M. C. A. alleys. The brace of games will be the second in the Church Bowling League.

## New Players on St. Louis Browns

Entered Youngsters, Many of Them New to the Major, Take Places of Veterans—Stagnum Problem in Growing Mounting.

St. Louis, Jan. 17 (AP).—Remodeled and rejuvenated by replacement, the St. Louis Browns of the American League, under the guiding hand of Manager Dag Howerly, will enter the race this season as untried and entirely unknown quantity in the junior circuit.

Gone from the ranks is George Sisler, 1926 manager and star first baseman. Gone are Williams, Gaston H. Rice, Vangilder and several other veterans who last season performed in the spangles of the Browns. In their places will be untried youngsters, many of them new to the majors.

The task of replacing Sisler at first base at present stands between Lou Blue, obtained in a trade from Detroit and Guy Sturdy, a heavy hitter from Tulsa of the western league. Oris Farnon and Oscar Melillo, will try for the keyhole assignment.

At present Heinie Manush, Earl McNeely and Fritz Schulte are the only outfielders on the roster, but the addition of another before spring training season rolls around, is expected. Sturdy, should be crowded off of first by Blue, is a likely candidate for the outer garden.

The team should be strong behind the bat with three good receivers on the list. Steve O'Neill, Wallie Schang and Clyde Manion grace the list of backstops.

With determined youth on which to build his hurling staff for the most part, Manager Howerly faces his biggest problem in grooming moundsmen to fill the position. Herein close observers insist, lies the answer to the question of whether or not the Browns will be able to elevate themselves from their lowly position of 1927—one step out of the cellar.

Walter Beck, Win Ballou, George Blaseholder, Richard Coffman, Alvin Crowder, Chester Falk, Sam Gray, Ernie Nevers, Walter Stewart, Jack Ozden and James Wright are on the list. Gray is the only member of the club who ever made good as a major league hurler.

There is promise in the new blood, however, with Ogden, recently obtained from Baltimore, declared one of the greatest finds of the year.

## Rochester Here Thursday Night

Nick Harvey's Team to Play Hosts—Brigade in Place of Renaissance Club—Girls to Feature in Pretime Party Contest.

Mickey Husta's Kingston team will oppose the Rochester Central, under the management of Nick Harvey, former Kingston guard, at the local armory Thursday, January 19. The Central, making a strenuous effort in the American League, are scheduled in place of the Renaissance colored five who had to call off their meeting with Kingston. A feature of the evening will be a game of basketball between two girls' teams.

The feminine Athletics will meet the Columbus' sister quintet in a preliminary contest. The Kantowitz Big Five will also stage a game with a formidable team.

Bill Makofski, brother of the famous Sig has been signed by Mickey Husta to play with the Kingston team. He is a product of Union College and played on the team with his brother. The Makofskis are known as the outstanding stellar brother combination ever turned out by the school.

The Renaissance colored quintet, although a star aggregation of basketball players, could probably not produce a game any faster than the Central will strive to. In the lineup will be such players as Nick Harvey, Bobby Grody, formerly with Detroit and sought by the Fort Wayne Hoosiers; Marty Barry, one of the American League's best scorers; Harry Topel, who has fought for the Rochester Central several years in a way that displayed exceptional ability, and Rabin, whose work on the court for the Rochester team has shone forth in a bright manner this season.

Mickey Husta will stick to the American League for opposition throughout the rest of the season. He believes that teams of that organization will be most capable of putting up the sort of basketball against the Kingston team that the fans like to see. Cleveland and Brooklyn look to be the next in line after the Kingstonians get through with the Rochester team. Cleveland, standing well undoubtedly give the locals a strong battle, and Brooklyn should be able to do the same with the combination of the former Washington's fastest and the best material of the old Visitation quintet of the Metropolitan League.

There was a record crowd out to see the Fort Wayne-Kingston game and that number is expected to be increased for the coming game because the ability of the American League team is now widely known. Manager Husta, of the Kingston team, forecasting the early arrival of those who wish to get seats, arranged for the two preliminary games to be played. He is confident that the girls' teams will please immensely for aside from the fact that the ladies know their basketball the event will be a novel one.

**Senior League Game Results**  
Tom McGrane was the lone scorer for the Ryan Five with 13 points when that aggregation fell before the Thompson quintet who made 19 markers in the Senior Class League games at the Y. M. C. A. Monday night. The Kantowitz Five in another league tilt defeated the Fein Five 32-26. Jim Winters of the losers did the high scoring of the game with 10 markers to his credit. Kantowitz with eight points did the high scoring for his team.

## SHAKE-UP SEEN FOR ATHLETICS

Mack's Array of Big-Time Stars Doesn't Win Baseball Games.

It is generally believed that several of the veterans wearing the rainbow of the Philadelphia Athletics this season will be missing before the 1928 campaign comes around.

Not only did Cobb, Collins and Wheat show their advancing age in their play, but there is a general feeling that a superabundance of managerial timber on the team handicapped it in the 1927 drive—the most disappointing season that the likable Connie Mack has ever had to suffer, writes Norman E. Brown, in the Atlanta Constitution.

Cobb, Collins and Wheat are all rated as brilliant baseball men. Cobb and Collins had served as managers. Wheat had often piloted the Brooklyn club for periods at least. All are capable teachers, as far as actually imparting the fine points of the game is concerned.

In addition to these players, Connie had, as aides, the veteran Kid Gleason and Earl Mack. Connie's son, Gleason served long and ably as White Sox pilot. Mack, Jr., has managed minor league clubs and has been chief adviser to his dad.

The feeling is general that the net result of all this pedagogical talent on the team was a confusion of instructions and a consequent confusion and uncertainty in the general play of most of the other members.

As one well-meaning critic remarked to me: "Imagine so-and-so at bat with Cobb, Collins and Mack all trying to tell him what to do."

Now this may be overstating the matter a bit, but it conveys the impression.

But one feature of the Athletics' play proved satisfactory to Connie the past season—the batting. The Mackmen had a 300 hitting club, and with better defensive play all around might have lived up to the expectations of 75 per cent of the critics and so-called critics.

**Traylor Honored**  
Melvin A. Traylor, Chicago, has received the nomination for president of the United States Golf association, according to an announcement. Nomination is considered tantamount to election. For two years Mr. Traylor has been a member of the United States Golf association executive committee.

**Harry Rice Is Better Player Than Thought**  
Harry Rice, recently acquired by the Detroit Tigers from St. Louis for Helme Manush and Lu Blue, is a better ball player than he ever looked to be in a St. Louis uniform.

Rice is one of the fastest outfielders in either league, a wonderful judge of a fly ball and he has the best throwing arm in baseball. He will hit better than 300 for Detroit, says a writer in the Detroit News.

Season before last Rice was one of the best batsmen in the league and a leading fielder.

Before the start of the 1927 season he had a quarrel with the owner of the team. Bad feeling resulted and the breach was never healed.

The inside story of the Rice deal is that Rice was drawing several thousand dollars less in salary than two or three other outfielders carried by the St. Louis team and Rice knew, of course, that he was worth more salary than any other man on the pay roll.

Rice balked and kept on balking. St. Louis had to let him go.

**Knute's Pupils Turn in Very Good Year**  
Pupils of Knute K. Rockne, famous Notre Dame football coach, turned in a successful year throughout the country.

Harry Stuhldrehr at Villanova, Ed Madigan at St. Mary's, J. A. Meyer at St. Xavier and Adam Walsh at Santa Clara, working with small squads, were among the more famous Notre Dame players who turned in a successful season last year.

## Sunday School League Results

The Presbyterian A quintet of the Junior Sunday School League defeated the Clinton Avenue basketballers, 23-14, at the Y. M. C. A. Saturday afternoon. The Trinity Lutheran quintet took an interclass Sunday School League game from the Comforter Ave., 18-16.

The Junior League game was one of the best put up in any of the leagues this year and ran into a three minute extra period. At the end of the scheduled time the teams were tied with 12 points. During the extra time the Clintons had to play with only three men as two of the players were ineligible owing to fouls committed. The absence of the players gave the Presbyterians an easy time in gaining 11 extra points.

Honigsbaum of the Haines Falls team did the high scoring of the game with 15 markers to his credit. Gilday and Graney of the Warringtons corralled nine and seven respectively while Fisher who played but one half registered six.

The Warringtons would like to book games with the Young Judeans, Kantowitz Big Five, St. Peter's team and the Hupps. Dick Warrington, employed at Burger's flower store, is the manager of the team.

## Riding the girders—matching muscle against steel But no stiff aching muscles for men of the Turner Construction Co.

**WHETHER** you're riding the girders a hundred feet up in the air, holding the drill, or tossing the red hot rivets—a construction man is using his muscles all day long.

Out in the open, too, mostly—sometimes in a biting wind or a chilling drizzle.

Unless you look out for yourself, your muscles are likely to get stiff and painful—or you find yourself laid up with a bad cold or an attack of rheumatism.

The men of the Turner Construction Company in New York are an especially fine, healthy-looking lot of men. We asked them what they do to keep in such splendid condition.

About half of them said, "Sloan's is our great standby."

**It's the same everywhere on strenuous jobs**  
Active men and women on strenuous jobs all over the world have known for years that there is nothing like Sloan's Liniment for limbering up stiff muscles, for warding off the effects of exposure and for taking care of all sorts of minor injuries.

A painter tells this remarkable story of quick relief: "A severe pain
